

Report on the occasion of celebration of “Oral Medicine and Radiology day”

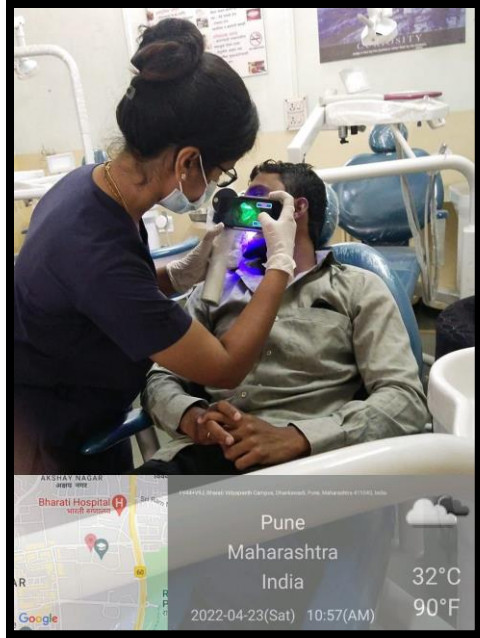

Department of Oral Medicine and Radiology,
Bharati Vidyapeeth Dental College and Hospital, Pune.

National “Oral Medicine and Radiology Day” is celebrated across the country on 24th April.

To commemorate the day, the Department of Oral Medicine and Radiology conducted the following activities -

On 23rd April 2022- Creating awareness amongst the patients on the ill effects of tobacco consumption and smoking, explaining to them with audio visual aids the appearance of various lesions and finally explaining to them the role of ORAL PHYSICIANS in helping them to quit the tobacco habit as well as manage the potentially malignant lesions and conditions. This activity was conducted outside the OPD counter. Also, we carried out free Oral cancer screening of all the patients using VELSCOPE.

Velscopic examination of patients with lesions.

On 27th April, Morning session - Rangoli competition was conducted for all students and interns with the theme – black and white.

Afternoon session – A talk on “Role of CBCT in clinical dental practice” was organized for all interns and Postgraduate students by Dr Shailesh Lele- senior Maxillofacial Radiologist, Ex-Principal and Ex-Professor and Head, OMR.
