Respected Sir/Madam,

As part of integrated approach towards attaining excellence in research and medical education, Sinhgad Dental College and Hospital has successfully conducted 12 Basic Workshops in Research methodology, 4-5 workshops in Medical education technology since 2012. We have also conducted 2 Workshops on Systematic Review and Meta Analysis in 2019 for PG Students and Faculty.

It is with immense pleasure that we are announcing the conduct of another Workshop on Systematic Review and Meta Analysis at Sinhgad Dental College and Hospital, Pune from 17-18 March 2020 for the benefit of Post Graduate students and Teaching Faculty from other colleges.

This workshop is one of its kind with hands on and group activities along with guest lectures by experienced and trained faculty.

The Brochure for the workshop is attached herewith for your kind perusal.
I am herewith enclosing the contact numbers and emails of staff co-ordinating this Workshop.

Dr. Dipali Shah, Convener, H-SET Ph. No.-9890195100; E-mail: dipalinagda@yahoo.com
Dr. Vineet Vinay, Moderator Ph. No.-9538201143; E-mail: dr_vineet_vinay@hotmail.com

All the correspondence may be addressed to principal.sdch@sinhgad.edu and a copy to be sent the Co-ordinator.

Thanking you,

With Regards
Dr. Sameer Patil
Principal

ABOUT COLLEGE

Sinhgad Dental College and Hospital was established in the year 2006, is affiliated to MUHS, Nashik and recently has been accredited with a NAAC 'A' Grade.

ABOUT HSET

As part of integrated approach towards attaining excellence in teaching-learning H-SET Centre at SDC&H has been organizing various programmes since 2012 in the areas of emerging trends in Dental Education Technology such as Basic Workshop In Research Methodology, Systematic Review & Meta Analysis, Workshop in Basic Medical Education Technology, Resident as Teacher- Basic Workshop in Educational Methodology.

SYSTEMATIC REVIEW & META-ANALYSIS

Systematic reviews and meta-analysis are considered to be the highest level of evidence in research. A systematic review refers to the entire process of selecting, evaluating, and synthesizing all available evidence. Meta-analysis refers to the statistical approach to combining the data derived from a systematic-review.

This workshop will cover how to formulate an answerable research question, define inclusion and exclusion criteria, search for the evidence, extract data, assess the risk of bias, and perform a meta-analysis.
